Veterinary Association

# PRE-CONGRESS SYMPOSIUM

The symposium will include the first part on recent advances, common and less common genetic and hereditary diseases in cats and dogs; how to recognize them, diagnostic tools, therapeutic interventions and genetic counseling for the veterinary clinician. After lunch the seminar will be on clinical approach to diagnosing feline anemia, blood loss, bleeding, hemolysis and non-regenerative anemia in Feline Research Award for outstanding clinical research.

## NATIONAL SCIENTIFIC CONFERENCE, EXHIBITION & 28TH AGM

**24 CPD POINTS**

### SPEAKER ►

**PROF. DR. URS GIGER, PD, DVM, MS**

### PROF. DR. URS GIGER, PD, DVM, MS

*Dipl. ACVIM & ECVIM (Internal Medicine)*

*Dipl. ECVCP (Clinical Pathology)*

Charlotte Newton Sheppard Professor of Medicine School of Veterinary Medicine, University of Pennsylvania, USA

**URS GIGER** received his veterinary degree from the University of Zürich, Switzerland. After moving to the United States, he completed a residency in small animal internal medicine at the University of Florida and then joined the faculty of the School of Veterinary Medicine at the University of Pennsylvania in Philadelphia where he has the endowed Charlotte Newton Sheppard Professor of Medicine chair.
